DSCYF Emergency Child Care Site - Essential Personnel Certification

Effective April 6, only employees at essential businesses who are unable to work from home may use child care at a child care facility. Only child care facilities providing care to the children of personnel working for essential businesses will be designated as Emergency Child Care Sites by the Department of Services for Children, Youth and Their Families.

Employees must certify to their licensed child care provider that they qualify as essential, as defined by Governor Carney's State of Emergency, and cannot work from home. Please fill out the following verification:

I am considered essential personnel as described by Governor John Carney's State of Emergency Declaration and cannot work from home.
